CONDITIONS OF AGREEMENT FOR MINOR CAPITAL WORKS

1. The Customer agrees to pay an upfront fee to assess this Minor Capital Works. Essential Energy will not commence an assessment without this fee being paid. The charges are in line with the rates approved by the AER available here: Network Pricing (essentialenergy.com.au)
2. The Customer consents to the light being operational on the completion of the construction and accepts the applicable charges from the date the lights are energised per the quote provided by Essential Energy and ongoing Streetlight Use of System (SLUoS) and Network Use of System (NUoS) charges. The charges are in line with the rates approved by the AER available here: Network Pricing (essentialenergy.com.au)
3. The Customer accepts all responsibility for the lighting levels resulting from the installation; including potentially not meeting the lighting levels required in AS/NZS 1158.
4. It is the Customer's responsibility to assess whether a lighting design is required to meet the lighting levels in AS/NZS 1158. If deemed required such as for pedestrian crossings, roundabouts and four-way intersections on Category V roads, then Council must either engage an accredited designer or use Essential Energy to conduct this work and provide the lighting design with this submission.
5. Where a Minor Capital Works is not possible for the requested location, it is the Customer's responsibility to evaluate whether any further work is still required, and this will need to be completed through the contestable works process.
6. The Applicant of this form must be an authorised representative from the Customer and cannot be a member of the public. Any requests from a member of the public must be sent to the respective Customer for acceptance and submission.
