

Request for Dark Fibre Connection

Customer to Complete

This request is for Essential Energy to provide a desktop study to connect and licence dark fibre at locations as requested by the customer. Customers seeking approval to connect to Essential Energy Dark Fibre must complete and submit this request to fibre.optic.connections@essentialenergy.com.au

By completing the desktop study, Essential Energy will determine the below:

- Essential Energy to confirm available dark fibre to fulfill the customer's request.
- Essential Energy network structure load constraints
- Site location and accessibility
- Detailed site reconnaissance (walkover) survey
- Council and Dial Before You Dig approval

Application Fee:

Following submission of this application, Essential Energy will provide the customer with a purchase order for a non-refundable fee of \$5,000.00 plus GST for which the customer will need to pay prior to Essential Energy commencing and designing works associated with the assessment of this application.
