

Essential Energy

Accredited Service Provider (ASP) Access Permit Recipient Course

Essential Energy training team is pleased to offer the ASP Access Permit Recipient Course training. This course acts as both an initial training and a refresher course, with refresher training being required every 2 years.

Why is this course needed?

Essential Energy controls access to work on or near our network via the use of a documented access permit procedure.

This course addresses the underpinning knowledge and outlines the responsibilities of both the issuer and the recipient of the access permit.

To be an Access Permit Recipient a person must have successfully completed this course and demonstrated a understanding of where work is allowed to be undertaken, what information is needed on the form and what each individuals responsibilities are.

Eligibility to attend this course

People undertaking this course must:

- Hold a current ASP authorization with Essential Energy and who are current in their regulatory training, and
- Be electrically qualified people who are required to act as an access permit recipient when working on or near Essential Energy's network.

What will the course do for you or your employees?

Following successful completion of this course the participant will be authorised to receive an access permit for work on or near Essential Energy's network.

Course Duration

½ day

Course content

The course includes:

- Clearance area
- Filling out an access permit form
- General work conditions
- Testing apparatus
- Responsibilities
- Work area
- When an access permit is not required.
- Access permit exercise.
- Written assessment

Essential Energy

Accredited Service Provider (ASP) Access Permit Recipient Course

Requirements to remain authorised after initial training

To remain authorised as an Access Permit Recipient, refresher training is required every 2 years.
