

Transformation of energy

Teachers Notes - Lesson 3 - Slide 1

Unit Overview

This third interactive whiteboard lesson is designed to complement the following lessons from the Electricity & Safety Unit Stage 3 lesson book.

Lesson Sequence	Overview
5. Electricity generation and transmission	A lesson to discuss and investigate the generation and movement of electricity.
6. Exploring electrical circuits	A lesson to provide opportunities to simulate electrical circuits. Providing a hands-on shared investigation of the creation of electrical circuits. Students apply their understanding of electrical circuits.
